

VERY SMALL DISFIGUREMENT			
code	N	h	DESCRIPTION of disfigurement
6a	0		Absence or dental caries of on tooth (from one to four)
19a	0		Slight gait and posture deviation, barely visible (due to contractures in large joints, limping, involuntary movements or palsy)
32a	0		Asymmetry of male and female genital organs - hardly visible
35e	0		Amblyopia, poor eyesight
36a	0		Very small disfigurement of sclera or iris – barely visible
36b	0		Linear face and/or forehead scar (at the level of the surrounding skin or not), overall length up to 1cm
36c	0		Multiple benign lesions present on the face and/or forehead (acne scars) up to 1cm ²
36d	0		Elevated/depressed and/or relief face and/or forehead scar (without contracture) up to 1cm ²
36e	0		Facial asymmetry, hardly visible at first sight
36f	0		Minimum eyelid deficiency, hardly visible at first sight
36i	0		Lack of any part of the earlobe up to 1cm ²
36j	0		Elevated and/or depressed and/or relief scalp scar up to 2cm ²
36k	0		Linear scalp scar (at the level of the surrounding skin or not), overall length up to 2cm
36l	0		Elevated and/or depressed and/or relief hand scar (with or without contracture) up to 2cm ²
36m	0		Multiple benign lesions present on a hand up to 2cm ²
36n	0		Elevated / depressed and/or relief neck scar without contracture, up to 2cm ²
36o	0		Coverage of neck benign lesions (acne scars) up to 2cm ²
36p	0		Linear neck scar (at the level of the surrounding skin or not), overall length up to 2cm
36q	0		Linear scar on both hands (at the level of the surrounding skin or not), overall length up to 2cm
36r	0		Loss of a part of a fingertip and/or finger nail plate
36s	0		Elevated/depressed/relief forearm and/or lower leg and/or foot scar with or without contracture, up to 8cm ²
36t	0		Multiple benign lesions present on a forearm and/or lower leg and/or foot (scars), up to 8cm ²
36u	0		Linear forearm and/or lower leg and/or foot scar (at the level of the surrounding skin or not), overall length up to 4cm
36v	0		Elevated/depressed/relief torso and/or upper arm and/or upper leg scar, up to 2.5%
36w	0		Multiple benign lesions present on the torso and/or upper arm and/or upper leg (smallpox scars), up to 2.5%
36x	0		Linear torso and/or upper arm and/or upper leg scar (at the level of the surrounding skin or not), overall length up to 8 cm
36y	0		Hardly visible breast asymmetry, imperceivable at first sight
36z	0		Breast scar, imperceivable at first sight
37a			Asymmetry of genital organs, imperceivable at first sight
37b			Loss of up to ½ of glans penis
37c			Lack of up to 2cm ² of vulva
37d			Relief scar of female or male genital organs, imperceivable at first sight, up to 2cm ²

SMALL DISFIGUREMENT			
code	N	h	DESCRIPTION of disfigurement
1a	1		Very mild strabismus, hardly visible
2a	1		Linear face and/or forehead scar (at the level of the surrounding skin or not), overall length 1- 2cm
2b	1		Linear face and/or forehead scar (at the level of the surrounding skin or not), overall length 2-5 cm
3a	1		Multiple benign lesions present on the face and/or forehead (acne scars and/or smallpox scars and/or skin diseases and/or tumors) 1-2cm ²
4a	1		Elevated and/or depressed and/or relief face and/or forehead scar (without contracture) 1-2cm ²
5a	1		Slightly visible facial asymmetry (due to scarring and/or desmogenous contracture and/or paralysis); facial expression of feelings is not altered
6b	1		Absence or dental caries of up to two teeth (from one to four)
7a	1		Deficiency of all or certain eyelid tissues, barely visible
10a	1		Deficiency of all or certain earlobe tissues from 1cm ² to 1/4 of helix
10b	1		Partial loss of the lobule
11a	1		Elevated and/or depressed and/or relief scalp scar (with or without alopecia or contracture) 2- 4cm ²
12a	1		Linear scalp and/or ear scar (at the level of the surrounding skin or not), overall length 2-4cm
12b	1		Linear scalp and/or ear scar (at the level of the surrounding skin or not), overall length 4cm-10cm
13a	1		Elevated and/or depressed and/or relief hand scar (with or without contracture) 1/4-1/2 TBSA
14a	1		Multiple benign lesions present on a hand (acne/smallpox scars, skin diseases and tumors) 2cm ² -1/4TBSA
15e	1		Elevated and/or depressed and/or relief neck scar without contracture, total coverage 2-4cm ²
16a	1		Multiple benign lesions present on the neck (acne/smallpox scars, skin diseases and tumors) 2-4cm ²
17a	1		Linear neck scar (at the level of the surrounding skin or not), overall length 2- 4cm
18a	1		Linear hand scar (at the level of the surrounding skin or not), overall length 2-4 cm
18b	1		Linear scar on both hands (lateral, at the level of the surrounding skin or not), overall length 4-10 cm
19b	1		Slight gait and posture deviation due to contractures in large joints, limping, involuntary movements or palsy
20f	1		Amputation of one (any) hand phalanx, thumb excluded
21a	1		Amputation of one (any) foot phalanx
21b	1		Amputation of one toe, big toe excluded
23a	1		Elevated and/or depressed and/or relief forearm and/or lower leg and/or foot scar with or without contracture 8-16 cm ²
24a	1		Multiple benign lesions present on a forearm and/or lower leg and/or foot (acne scars, smallpox scars, skin diseases and tumors) 8- 16 cm ²
25a	1		Linear forearm and/or lower leg and/or foot scar (at the level of the surrounding skin or not), overall length 4- 8 cm
26a	1		Elevated/depressed/relief torso and/or upper arm and/or upper leg scar (with or without contracture) 2.5-5 % TBSA
27a	1		Multiple benign lesions present on the torso and/or upper arm and/or upper leg (acne/smallpox scars, skin diseases and tumors) 2.5- 5 % TBSA
28a	1		Linear torso and/or upper arm and/or upper leg scar (at the level of the surrounding skin or not), overall length 8- 16 cm
29a	1		Breast asymmetry, hardly visible
29b	1		Breast asymmetry, slightly visible
29c	1		Breast asymmetry, clearly visible
31a	1		Linear or relief breast scar, hardly visible
31b	1		Linear or relief breast scar, slightly visible
32b	1		Asymmetry of male and female genital organs, clearly visible
32c	1		Distinct asymmetry of male and female genital organs
32d	1		Striking asymmetry of male and female genital organs

34a	1	Lack, loss of 2cm ² - ¼ of vulva
35a	1	Elevated and/or depressed, relief scar of female or male genital covering the surface area of 2cm ² - ¼ of genital organs
35b	1	Elevated and/or depressed, relief scar of female or male genital covering the surface area of ¼ - ½ of genital organs
35c	1	Elevated and/or depressed, relief scar of female or male genital covering the surface area of more than ½ of genital organs
35d	1	Elevated and/or depressed and/or relief hand scar (with or without contracture) 2cm ² - ¼TBSA
37g	1	Elevated and/or depressed scar of nasal dorsum and sidewalls covering the surface area of 0-3mm ²
37e	1	Lack of a part of the lip 0-3mm ²

MEDIUM DISFIGUREMENT			
code	N	h	DESCRIPTION of disfigurement
1c	2		Blindness (referring to the appearance of a blind person, to the eye function)
2c	2		Linear face and/or forehead scar (at the level of the surrounding skin or not), overall length 5-10 cm
3b	2		Multiple benign lesions present on the face and/or forehead (acne/smallpox scars and/or skin diseases and/or tumors) 2-16 cm ²
4b	2		Elevated and/or depressed and/or relief face and/or forehead scar (without contracture) 1-16 cm ²
5b	2		Clearly visible facial asymmetry (due to scarring and/or desmogenous contracture and/or paralysis) and/or slightly distinct ectropion; facial expression of feelings is not altered
6c	2		Absence or dental caries of on up to three teeth (from one to four)
6d	2		Absence or dental caries of on six to eight front teeth
6e	2		Absence or dental caries of on more than eight front teeth
7b	2		Deficiency of all or certain eyelid tissues, up to 1/3 of a lid
7c	2		Deficiency of all or certain eyelid tissues, 1/3-1/2 of a lid
8a	2		Elevated and/or depressed nose scar, covering 0.5-1cm ² of nasal dorsum and sidewalls
9a	2		Lack of a part or the entire lip fullness 5mm ² - 1/4 usne
9b	2		Lack of a part or the entire lip fullness 1/4 -1/3
10c	2		Deficiency of all or certain earlobe tissues 1/4 - 1/3
10d	2		Loss of the lobule, more than ½
10e	2		Deficiency of all or certain earlobe tissues 1/3-1/2
11b	2		Elevated and/or depressed and/or relief scalp and/or ear scar (with or without alopecia or contracture) od 4cm ² -1% TBSA
12c	2		Linear scalp scar (at the level of the surrounding skin or not), overall length 10-20cm
13b	2		Elevated and/or depressed and/or relief hand scar (with or without contracture) 1/2% -1% TBSA.
14b	2		Multiple benign lesions present on hands (acne/smallpox scars, skin diseases and tumors) 1/4-1/2 TBSA
14c	2		Multiple benign lesions present on hands (acne/smallpox scars, skin diseases and tumors) 1/2% -1% TBSA
15f	2		Elevated and/or depressed and/or relief neck scar without contracture, total coverage 4cm ² -0.5% TBSA
15g	2		Elevated and/or depressed and/or relief neck scar without contracture, total coverage 0.5-1% TBSA
15i	2		Elevated and/or depressed and/or relief neck scar with contracture, total coverage 2- 4cm ²
16b	2		Multiple benign lesions present on the neck (e.g. acne/smallpox scars, skin diseases and tumors) 4cm ² - 0.5% TBSA
17b	2		Linear neck scar (at the level of the surrounding skin or not), overall length 4-10 cm
17c	2		Linear neck scar (at the level of the surrounding skin or not), overall length 10-20 cm
18c	2		Linear scar of both hands (lateral, at the level of the surrounding skin or not), overall length 10-20 cm
19c	2		Obvious gait and posture deviation due to contractures in large joints, limping, involuntary movements or palsy
20g	2		Amputation of two (any) hand phalanges, thumb excluded

20h	2	Loss of one finger, thumb excluded
20k	2	Loss of one thumb phalanx
21c	2	Loss of two toes
21d	2	Loss of two to five toes
21f	2	Amputation of a big toe
23b	2	Elevated and/or depressed and/or relief forearm and/or lower leg and/or foot scar with or without contracture, 16 cm ² - 5% TBSA
24b	2	Multiple benign lesions present on a forearm and/or lower leg and/or foot (acne scars, smallpox scars, skin diseases and tumors) 16 cm ² - 5% TBSA
24c	2	Multiple benign lesions present on a forearm and/or lower leg and/or foot (acne scars, smallpox scars, skin diseases and tumors) 5% - 15% TBSA
25b	2	Linear forearm and/or lower leg and/or foot scar (at the level of the surrounding skin or not), overall length 8-20 cm
25c	2	Linear forearm and/or lower leg and/or foot scar (at the level of the surrounding skin or not), overall length 20-100 cm
26b	2	Elevated and/or depressed and/or relief torso and/or upper arm and/or upper leg scar (with or without contracture) 5- 10 % TBSA
27b	2	Multiple benign lesions present on the torso and/or upper arm and/or upper leg (acne/smallpox scars, skin diseases and tumors) 5 -10 % TBSA
27c	2	Multiple benign lesions present on the torso and/or upper arm and/or upper leg (acne/smallpox scars, skin diseases and tumors) 10-40 % TBSA
28b	2	Linear torso and/or upper arm and/or upper leg scar (at the level of the surrounding skin or not), overall length 16- 40 cm
28c	2	Linear torso and/or upper arm and/or upper leg scar (at the level of the surrounding skin or not), overall length 40-100 cm
29d	2	Distinct breast asymmetry
29e	2	Striking breast asymmetry
30a	2	Lack of up to ¼ of a breast
30b	2	Lack of up to ¼ - ½ of a breast
31c	2	Linear or relief breast scar, overall length up to 10cm
31d	2	Linear or relief breast scar, overall length 10-30cm
31e	2	Linear or relief breast scar, overall length more than 30 cm
33a	2	Lack, loss of more than ½ or the whole of glans penis
33d	2	Lack, loss of one testicle
37f	2	Lack of a part of the lip 3-5mm ²
37h	2	Elevated and/or depressed nose scar, covering 3-5mm ² of nasal dorsum and sidewalls

LARGE DISFIGUREMENT			
code	N	h	DESCRIPTION of disfigurement
1b	3		Clearly visible strabismus
2d	3		Linear face and/or forehead scar (at the level of the surrounding skin or not), overall length 10-15 cm
2e	3		Linear face and/or forehead scar (at the level of the surrounding skin or not), overall length more than 15cm
3c	3		Multiple benign lesions present on the face and/or forehead (acne scars and/or smallpox scars and/or skin diseases and/or tumors) 16 cm ² -2% TBSA
3d	3		Multiple benign lesions present on the face and/or forehead (acne scars and/or smallpox scars and/or skin diseases and/or tumors) 2% TBSA or more
4c	3		Elevated and/or depressed and/or relief face and/or forehead scar (without contracture) 16 cm ² -2% TBSA
5c	3		A distinct facial asymmetry (due to scarring and/or desmogenous contracture and/or paralysis, e.g. central facial palsy) and/or distinct ectropion; altered facial expression of feelings
7d	3		Deficiency of all or certain eyelid tissues, more than 1/2
8b	3		Elevated and/or depressed nose scar, covering up to ¼ of nasal dorsum and sidewalls
8c	3		Elevated and/or depressed nose scar, covering 1/4 -1/2 of nasal dorsum and sidewalls

8d	3	Elevated and/or depressed nose scar or amputation of the whole nasal dorsum and sidewalls
8e	3	Nasal tip amputation and/or ala of the nose and/or columella
9c	3	Lack of a part or the entire lip fullness 1/3 -1/2
9d	3	Lack of more than ½ of lip fullness
11c	3	Elevated and/or depressed and/or relief scalp and/or scar (with or without alopecia or contracture) 1 -2% TBSA
11d	3	Elevated and/or depressed and/or relief scalp and/or scar (with or without alopecia or contracture) 2% -3%
12d	3	Linear scalp scar (at the level of the surrounding skin or not), overall length 20-30cm
12e	3	Linear scalp and ear scar (at the level of the surrounding skin or not), overall length more than 30cm
13c	3	Elevated and/or depressed and/or relief hand scar (with or without contracture) 1% -2% TBSA.
13d	3	Elevated and/or depressed and/or relief hand scar (with or without contracture) more than 2% TBSA.
14d	3	Multiple benign lesions present on hands (acne/smallpox scars, skin diseases and tumors) 1% -2% TBSA
14e	3	Multiple benign lesions present on hands (acne/smallpox scars, skin diseases and tumors) more than 2% TBSA
15h	3	Elevated and/or depressed and/or relief neck scar without contracture, total coverage 1%-2% TBSA
15j	3	Elevated and/or depressed and/or relief neck scar with contracture, total coverage 4cm ² -0.5% TBSA
15k	3	Elevated and/or depressed and/or relief neck scar with contracture, total coverage 0.5-1% TBSA
16c	3	Multiple benign lesions present on the neck (acne/smallpox scars, skin diseases and tumors) 0.5%-1% TBSA
16d	3	Multiple benign lesions present on the neck (acne/smallpox scars, skin diseases and tumors) 1-2% TBSA
17d	3	Linear neck scar (at the level of the surrounding skin or not), overall length 20-30 cm
17e	3	Linear neck scar (at the level of the surrounding skin or not), overall length more than 30cm
18d	3	Linear scar of one or both hands (at the level of the surrounding skin or not), overall length 20-30cm
18e	3	Linear scar of both hands (at the level of the surrounding skin or not), overall length more than 30cm
19d	3	Asymmetry of the body, large gait and posture deviation due to contractures in large joints, limping, involuntary movements or palsy, aids mandatory
20i	3	Loss of two or more fingers, thumb excluded
20j	3	Loss of a part of a hand, thumb excluded
20l	3	Loss of two thumb phalanges
20m	3	Loss of the whole thumb (with the metacarpal bone)
21e	3	Aputation of a part of a foot
23c	3	Elevated and/or depressed and/or relief forearm and/or lower leg and/or foot scar with or without contracture 5% - 15% TBSA
23d	3	Elevated and/or depressed and/or relief forearm and/or lower leg and/or foot scar with or without contracture 15% - 25% TBSA
24d	3	Multiple benign lesions present on a forearm and/or lower leg and/or foot (acne scars, smallpox scars, skin diseases and tumors) 15%- 25% TBSA
24e	3	Multiple benign lesions present on a forearm and/or lower leg and/or foot (acne scars, smallpox scars, skin diseases and tumors) more than 25% TBSA
25d	3	Linear forearm and/or lower leg and/or foot scar (at the level of the surrounding skin or not), overall length 100 cm-150cm
25e	3	Linear forearm and/or lower leg and/or foot scar (at the level of the surrounding skin or not), overall length more than 150cm
26c	3	Elevated and/or depressed and/or relief torso and/or upper arm and/or upper leg scar (with or without contracture) 10-40 % TBSA
26d	3	Elevated and/or depressed and/or relief torso and/or upper arm and/or upper leg scar (with or without contracture) 40-50 % TBSA
26e	3	Elevated and/or depressed and/or relief torso and/or upper arm and/or upper leg scar

			(with or without contracture) more than 50% TBSA
27d	3		Multiple benign lesions present on the torso and/or upper arm and/or upper leg (acne/smallpox scars, skin diseases and tumors)40-50 % TBSA
27e	3		Multiple benign lesions present on the torso and/or upper arm and/or upper leg (acne/smallpox scars, skin diseases and tumors) more than 50 % TBSA
28d	3		Linear torso and/or upper arm and/or upper leg scar (at the level of the surrounding skin or not), overall length 100-200 cm
28e	3		Linear torso and/or upper arm and/or upper leg scar (at the level of the surrounding skin or not), overall length more than 200 cm
33b	3		Amputation of up to ½ of penis
33e	3		Loss of both testicles
34b	3		Amputation of ¼ - ½ of vulva
